

Guide

FUTURE TALENT

**BE THE PERSON YOU NEEDED WHEN YOU WERE YOUNGER...
BECOME A MANUFACTURING NAVIGATOR**

Program Purpose

Navigators are manufacturing industry ambassadors dedicated to increasing industry awareness and readiness for students. Navigators use their personal, educational, and professional experience to tell the story of careers in manufacturing, explain the journey to becoming a successful manufacturing professional, and offer increased visibility inside a manufacturer's daily life.

Company Benefits

- Get your company name out in the community
- Inspire young people and job seekers to pursue a manufacturing career pathway (and maybe at your company!)
- Reward and develop young talent for retention and future career growth within your organization
- Free training for those selected to the Navigator program

Requirements

- Navigator agrees to commit one year to the program, with manager nomination and/or approval
- Navigator is available to present at four events in the year
- Navigator is in the first 10 years of their manufacturing career
- Navigator is currently employed in the manufacturing industry
