

CATALYST CONNECTION'S IMT PRE-APPRENTICESHIP PROGRAMS

WHAT IS A STATE REGISTERED PRE-APPRENTICESHIP?

- Curriculum has been certified by the state
- Meets Act 158 graduation requirements
- FREE to all students
- Opens up paid work experience opportunities
- Earns Industry Recognized Credentials

WHAT IS IMT?

- IMT stands for Industrial Manufacturing Technician and covers four main topics.
 - *Safety, Quality (IMT Pre-Apprenticeship)*
 - *Processes and Production, Maintenance Awareness (Advanced IMT Pre-Apprenticeship)*
- The purpose of the IMT Pre-Apprenticeship is to help high school students begin a pathway to a career in manufacturing.

THIS PROGRAM COULD BE OFFERED IN YOUR DISTRICT

- Embedded into the classroom with curriculum or as an independent study.
- Students have the ability to receive 7 industry recognized certificates at the completion of both pre-apprenticeship programs.
- Proctored exams during class time.
- Tours of local manufacturing companies.
